

DRIVE PROJECT PRODUCTIVITY WITH OXBLUE & PLANGRID

OxBlue's and PlanGrid integration allows users to upload and view their images directly in the project management software. Instantly access all your job site data in one application.

Step One: Select the image that you would like to upload to PlanGrid. Click the share button and select the "PlanGrid" icon.

Step Two: An authorization screen will appear. Click "Connect to PlanGrid" which will take you to the PlanGrid login screen.

	Email Lou@example.com

Step Three: Login to PlanGrid to authorize OxBlue's access.

*The next time you login to the OxBlue interface to upload more images to PlanGrid, the previously selected album will be selected by default.

Step Five: After clicking "Submit and Post Image to PlanGrid" the confirmation screen will appear.

Step Six: Your image will now be viewable in your PlanGrid project dashboard.

Streamline job site management by uploading photos into PlanGrid to easily review/compare images to project details and use that information to keep the project on track and on budget.
